# MONTHLY BREW

## New Hours

We have now been in quarantine for just over six months and with the recent adjustment to restaurant capacity constraints by the governor, we can both see and feel changes to business. Students are beginning to return to school, and we are seeing an increase in visits by customers in mid- to late-afternoon. With this change, we believe things are getting somewhat back to normal. As a result, we have extended our hours of operation.

We are now open Monday – Saturday, 7:00 am – 8:00 pm and Sunday 9:00 am – 5:00 pm.

You or your students, are now able to spend your afternoons with us at 1820 working and enjoying a delicious beverage at the same time.

## New To-Go Menu

We now have to-go menus available. These new mini menus are small enough to keep in your car, purse or the drawer in your kitchen where other menus go to die (ha ha). Let's be honest, we all have that drawer somewhere.

**Southwest Egg Bites** – We are happy to announce that we are adding a new option to our breakfast menu. Egg Bites with a salsa drizzle, and a side of fresh fruit and bread. We think you're going to love this Southwest twist on your morning eggs.

We're adding this to our already popular breakfast lineup; which includes our French Toast Panini, cinnamon rolls, two waffle choices (Wild 'n Waffles and Chunky Monkey) and a selection of delicious muffins (Yogurt Banana Nut, Blueberry and Cranberry Orange). We also have a small selection of Sahale snack packs.

## Did You Know We Cater?

At 1820 Coffee House we love creating community in our coffee house but we also love to bring our coffee to the community. Our love for our community extends beyond the borders of Alvin and we cater events throughout the greater Alvin, Manvel, Pearland and Friendswood area. We can provide muffins, cinnamon rolls, cookies and of course our amazing coffee or cold brew for your meeting or event.

Not sure what you need? Give us a call and we'll walk you through it to ensure you have a great event and everyone enjoys their food and drinks.

We truly love serving our community and meeting new people, so whether it's a small bible study of 5 or a large event of 250+ we'd be happy to talk to you about what we can provide for you.

## Milk Alternatives

You spoke. We listened.

We are happy to let you know that now, in addition to whole, skim, coconut and almond milk, we now carry Oat Milk. But what exactly is Oat Milk, and why has this become a product that so many want for their coffee?

Oat milk consists of steel cut pre-soaked oat groats (the hulled kernels), blended, and then strained with a special cloth. The leftover pulp contains a large portion of the dietary fiber and protein; however, the resulting milk does contain some of the nutrients and macronutrients. Oats absorb water very well and as a result, more of the macronutrients and micronutrients pass through the cloth giving nutritious, creamy, sweet tasting dairy free milk.

## Staff Spotlight

This month's Staff Spotlight is on Jayne. Jayne joined us shortly after we opened our doors in August and quickly became an integral part of the team. Jayne is currently enrolled at Alvin Community College, working towards both an English and Public Relations degree. She is working towards her general courses and will hopefully transfer to Texas A&M in the coming year to continue her studies.

Ultimately, Jayne wants to work in a Central European country teaching English as a second language. Jayne spent time in Slovakia a few years ago on a mission trip and hopes to return to the area in the coming years to pursue her teaching efforts.

When you visit 1820 Coffee House you are likely to find Jayne working on our baking needs as she loves perfecting her baking skills. Jayne is a product of homeschooling, she was once a lifeguard, played softball and can play both the piano and violin. However, if you ask her, her favorite thing is shopping.

## Trivia Night

It's hard to believe but it is time once again for Brain Grinder. Our monthly Trivia night is held the second Friday of each month. This month's theme is General Knowledge. So, if you know someone who thinks they know everything, encourage them join us on Friday, October 9th for our Much to Know About Nothing trivia night. Trivia begins at 6:00 pm and there is plenty of space to spread out. You can bring a complete team (of no more than four) or show up and join a team at the event.

We will have staff available to take orders for food and/or drinks during the event so consider making a family night out of the event. This is a great opportunity for families to get out while remaining socially distant from others. We are proud to continue building community, one cup at a time.

We'd be remiss if we didn't congratulate our new champion team, **Team Mando**. They squeaked out the victory in the closing moments of last month's **Brain Grinder**.

### How Are We Doing?

We know so many have already done so, but we are asking for those that haven't done so already, to please provide positive reviews and/or recommendations on Google & Facebook.

If you are not able to provide us with a five-star review, we would appreciate you giving us the opportunity to make things right so you are comfortable providing a 5-star review.

If you have any concerns about service you received from 1820 Coffee House, you can contact us at [info@1820CoffeeHouse.com](mailto:info@1820CoffeeHouse.com) or ask for a manager the next time you're in.
